Victor.

The mining town of the Cripple Creek District is Victor. Here are located the great mines which have made famous the name of Cripple Creek—Stratton's Independence, Portland, Strong, Gold Coin, etc. The city was incorporated in 1894, and has enjoyed a steady and legitimate growth from the start. The fire of August, 1899, swept away the entire business portion of the city, but with characteristic energy its business men have filled the places once occupied by small frame structures with fine three and four story brick buildings; its streets have been graded and extensive improvements made in sanitary arrangements, until today Victor stands high among the beautiful cities of Colorado. The schools are excellent, the churches goed, the fire department sufficient to cope with any fire that may occur, the water system ample, electric lights, telephone, etc.

The Florence and Cripple Creek and Midland Terminal railroads pass through the city, while the electric line and the Golden Circle cover almost every nook and corner of the mountains.

The names given below, after all proper deductions are made for repetitions, incorporated companies, etc., show that Victor has a population of 10,000 people—this, of course, includes the hills and surrounding territory, which properly belongs to Victor.

CITY GOVERNMENT.

Nelson Franklin	Mayor
N. E. Donahue	Treasurer
J. S. Babcock	Clerk
John Daly	Depty Clerk
D. A. Ferguson	Attorney
