## Dr. Dean Merrill Bodwell.

GRADUATE OF . . . . .

AMERICAN SCHOOL OF OSTEOPATHY.

WHAT IS OSTEOPATHY?

Osteopathy is the system of healing, the basic principle of which is the ad-  
justment of bones, muscles and ligaments and so removing obstructions to all  
nervous and liquid flow (as of blood, lymph and other fluids) that there may be  
perfect freedom of all life giving systems, nearly all diseases being caused by  
these obstructions.

I have been almost four years in this district and will be pleased  
to refer interested parties to well known citizens cured by me.
