Cameron.

One and one-half miles east of Cripple Creek on the Midland Terminal railway and to be the western terminus of the new Colorado Springs & Cripple Creek Ry, from which place branch lines, either electric or steam will extend to all the towns and mines of the district. The place is situated in a beautiful little valley surrounded by many mines that are rapidly coming to the front and its growth promises to be as rapid as that of Goldfield, Independence and other record breakers of the district. The town was formerly known as grassy, is now known as Cameron, while the official name recognized by the postoffice department is Touraine.
