ELKTON.

Elktion.

A settlement of miners without a municipal organization. The
 ground is owned by various mining companies and there are no city
 lots. Some of the large mines of the District are located here and
 the place is very prosperous. The Florence and Cripple Creek and
 Midland Terminal Railroads, also the Low Line Electric pass
 through Elktion proper. In the names given below we combine
 Elktion, Eclipse, Aregua, Beacon Hill and adjoining territory, giving
 the residence after each name where possible. A fair estimate of
 the population would be about 2,500.

GILLETT.

365

Gillett.

The location of Gillett, at the foot of Pike's Peak, is the finest in the District. Its remoteness from the working mines has told against it, and at the present time its population is at a very low ebb. It is not at all improbable that something may occur at any time which will "boom" the town and make it one of the largest in the District. Gillett is located five miles northwest of Cripple Creek by wagon road and ten miles north of Victor by the Midland Terminal Railroad. Population about 300.
