Gillett.

Very beautifully located in Beaver Park, on a sparkling stream of the same name. Five miles northeast of Cripple Creek by wagon road, and ten miles north of Victor on the Midland Terminal Railroad. Location of the works of the El Paso Reduction Company, which employs a large number of men and headquarters for the families of railroad men. Gillett has enjoyed a very rapid growth since the first of the present year, and bids fair to become one of the leading cities of the great district. The following lists show 652 names, which, after making all of the usual deductions, would indicate a population of about 1,500.
