Independence.

The typical mining town of the District. Surrounded on all sides by great producers, with rich ore hoisted daily from properties in and near its principal business street, it has all the appearances of the ideal mining camp. Independence has no city government of its own, but a large portion of the town is within the corporate limits of Goldfield. For convenience in compiling we have put all residents above the Midland Terminal tracks in Independence. The names below would indicate a population of about 1,000.
